

TBIF presents the opportunities of accessing Finances (Loans) to Junior Chamber International

The Junior Chamber International Rwanda (JCI), an organization of Rwandan young active Leaders and Entrepreneurs organized a Business Networking Breakfast last Saturday on 8/07/09 at Top Tower Hotel.

JCI Rwanda usually holds a Business Networking Breakfast every month where young Entrepreneurs meet and expand their Business Networking with different entrepreneurs.

Every month Rwandan young leaders and Entrepreneurs meet for roundtable discussion and share tips and problem-solving techniques, get advice on profitability and career, as well as discuss business models. Discussions focusing on the challenges of doing business in the current market and how we can communicate this message back to our workforce.

The main speakers invited were:

1 Prof, Dr, Rwigamba Adrew

Topic. Secret to be rich

Professor Dr Balinda who is Senator in the Rwandan Parliament and also the Founder and President of Kigali Independent University (ULK). He started the university by hiring two rooms in March 1996 and today ULK has opened two another branch in Gisenyi. ULK has 10662 Students. RWIGAMBA BALINDA'S Foundation assists student deprived of financial capacities with a grant (a loan), without interest and since 2001 , the foundation has granted bursaries to 1620 student s to complete 4 years and 46 assistant lecture to complete post graduate .All these achievement s including infrastructure and more , ULK has never benefited from any financial support whatever. He is a man with passion and loves the country; he has more achievements in the Business & leadership

2 Mr ,Rajeev Aggarwal TBIF Manager

Topic: Access to Finance

Who started the Technology and Business Incubation Facility (TBIF), a unique initiative established by Kigali Institute of Science and Technology (KIST) to provide Business Incubation and Support Services to accelerate the development of Technology based start up entrepreneurs in Rwanda. Which is a multi-tenancy facility which provides shared services and Business Development services in the country? It is targeting all graduates from Rwandan institutions of higher education, innovators, and technicians, together with already practicing entrepreneurs, particularly SME's.

The aim of the Business Networking Breakfast was:

Exchange of Business Card and Networking with other CEO's and Business owners. And the CEO's also to have opportunity to share impressions, experiences and ideas with young entrepreneurs.
